The National Science Olympiad also has an online store.

<https://store.soinc.org/us/>

Copies of previous years’ tests are available for many current events. Watch, however, for changes in the rules from one year to the next. Always refer to the current year’s rules.

The store has many products available from Wards Science Company. Be aware that many of the products available from Wards Science can be obtained much less expensively from other sources.
