

IDAHO SCIENCE OLYMPIAD 2026

Recruiting volunteers from Academia, Industry & Government to promote STEM education in Idaho

April 18th Idaho State University

May 2nd Boise State University

What is it?

The Science Olympiad is a national science competition for junior and senior high school students. One Saturday students compete at ISU Pocatello or BSU Boise in up to 23 different Science, Technology, Engineering, and Mathematics (STEM) competitions for individual medals and school trophies.

Promote Your Organization as a supporter of STEM in Idaho

Organizations in Idaho are looking for ways to involve themselves in community outreach. The Science Olympiad is just such a venue. We are looking for volunteers one Saturday in spring 2026 at ISU Pocatello or BSU Boise to supervise and score one or more of the 23 STEM events. This is a way to promote your organization be it academic, industry, governmental, or civic and help cultivate Idaho's future scientists, technicians, engineers, and mathematicians.
