

Science Olympiad Video Links

www.idahoscioly.org

Version 20251109

As a general rule, try a web search with the search criteria stating:

“Science Olympiad **Event Name** “

For example “Science Olympiad **Rocks and Minerals**“

will give several hits on FREE construction, preparation and study tips and videos of the competition. View several of your hits and use the ones that best suit you.

There are also several useful links on the National Science Olympiad website at:

www.soinc.org. On the main page, type in the name of your event in the Search box at the upper right corner. Follow the links to tutorials, helps, tips and practice tests.

Below are several links to videos about the Science Olympiad itself and particular events. Some links are from the National Science Olympiad Website, while others are posted by schools and individuals from past competitions. Some are long while others are short. Try a search yourself and you will find many helps. DON'T spend any money on supplies or materials until you get a good feeling for your event. If you find a good link, send it to idahosciolygc@gmail.com and we will post it. **Keep in mind that the rules for various events vary from year to year.** The rules for 2026 are on the website at <https://www.soinc.org/rules-2026>
